“ Michelle and I dated for more than a year while we studied together at ISU. Although we drifted apart senior year and I never saw her again, I never forgot her infectious smile, playful and ever-present laugh, and genuine passion for living. We shared many wonderful times that I will never forget and I mourn her passing. My sincere condolences to her daughters and husband at this difficult time. -- Christopher Batio

“ Michelle and Brad were such a blessing to us during a very difficult time in our lives. Our daughter was a a very bad car accident and was in the hospital for 3 weeks. Brad was Bethanie's professor and they both showed up to the hospital and Michelle insisted on doing our laundry. They also had us over for dinner so we could get away and have a home cooked meal. We were and are so grateful for them in our lives. Praying for your family Brad, know you are loved !!

“ She has run the race, she has won the prize and now she wears the crown. A death of a spouse, a mother, one of your children, niece, or granddaughter are never easy. I remember my mother when my sister died at about the same age from cancer. I did not believe that it would happen until it was over. I remember watching my mother throughout the ordeal. So, all of you are in my prayers and I know that God is holding all of you tight. May God be with you "always".

“ Brad, Chaney and Cassie, my thoughts and prayers have been with you and your wife/mother for all these months that you and she lived with the knowledge of what was going on in her body. I recall so many wonderful memories from the day we learned of her birth. I drove her grandmother and great grandmother to Davenport on the snowy day following her birth to see her and her mother in the hospital. Michelle was the first of the next generation in our family and what a gift she has been. After her father died we saw her and Julie and Matt often. I remember spending lots of time with all of them. There are so many stories to share, so many fun times. Michelle was always so thoughtful in coming with you to visit grandma and me. We will miss those visits but hope you will continue coming because you all are part of this family of loving aunts, uncles and cousins which continues to grow. You are family. . .our family, and we love you. Mary Ann

“ I love you so much Michelle...I never would have thought this would be so hard...I'll always cherish our time together and laugh so hard because you never could decide on a nail color...Carrot Top was your favorite...you always had to text the girls and ask them their opinion...So many memories with you and way more uncontrollable laughs...My heart aches but I know I'll see you soon...love you always and forever

“ Great memories of Ladies Retreats, shopping trips and Maggianos. I NEVER heard Michelle talk negatively about her husband, children or friends. In one word- POSITIVE!

“ Michelle had the gift of joy, despite what her circumstances were. She was always fun to be with and made me feel special even though I know she had a myriad of friends. I treasure every day spent with her. Praying for all of you and your great loss.

“ Michelle was a dear friend that will be greatly missed. She was a person that you could always count on for great advice and just a bit of fun. ;) I cherish the time that I had working with her on CCD and will see her again in heaven. Cassie, & Chaney - know that you are loved. If you need a redhead hug, I am here as surrogate. Love to you all. <3
