“ I’m forever grateful for your kindness and support when I was doing dumb things as a kid and you were there to give some great advice. You always had a way of making me feel like I was a little more than a friend of the family and I always appreciated that. Rest well my dear friend and take care on your new journey. Love you and will always remember you until we meet again.

“ I have secretly dreaded this day as I knew what a loss this would be for Billie's family and friends. She was kind but strong She was my realtor for the first home I purchased. 17 years later I still remember that she mailed us a Congratulations card. ❤️
May her soul now find rest and peace.

“ There are not enough pages on this web site to put all the memories I have of Billie, all of them good ones with the exception of illness and death in our families. Our friendship started long ago, 60 plus years, and I can honestly say we never had a cross word with each other. We didn't always agree on some subjects, but respected each others opinions. We took vacations together with our children, and later girl trips, worked together, bowled together, partied, played cards, belonged to clubs with friends, shopped, and gossiped over many coffee cups, and yes we cried together many times. She treated me like another sister, and I enjoyed being one. I will truly miss her, but I am so glad we visited her Friday before she was taken to hospital...Rest in Peace dear friend (sister).
