“ *Brian Grady, my Uncle Brian was a most gracious, humble and kind man that had a heart of gold. He was the last living and youngest of the Fine Five Grady Brothers. Now, I relish in the 5 of them rejoicing in heavenly peace together for all eternity and patiently awaiting the time when their loved ones are rejoined in beautiful adoration amongst one another. My Uncle Brian was always able to lend an ear when I had concerning issues in my life and I'll forever cherish those moments. With love. kpg*

“ *I was a neighbor of Brian. He was very kind and made me feel welcome on the block. He loved his kitties, Heidi and Dorian Gray and his pet birds. He loved all the outside animals too and made sure they had food and water. I'm an animal lover and think this was so awesome. He was caring, loved to talk and visit and share stories. I will surely miss you! R.I.P. Sending a sympathy card in the mail and should arrive soon with prayers and Masses being said in your honor.*

“ I met Mr, Grady about 8 years ago or so, when he approached me at Petco while I was volunteering taking care of the cats from New Beginnings cat shelter. He asked me if I ever did pet sitting, I had never done it, but I was interested in helping. He had me come meet his beautiful cats, & cockatiel, & parakeets at that time, & for about 2- 3 years I came over to watch while he went on some short trips. I enjoyed helping him, & the animals, he was an awesome man, who sure loved his pets. RIP Mr Grady.
