“ Cousin by blood, friend by choice. Remember us when we were young and knowing that we had to set our own paths, even if they were rocky along the way at times. I was grateful that social media brought us back together. Honored that you let me help you make the cake card that got you a job you wanted May you Rest In Peace, Lovely Lady!

“ Cindy & I had the same trials & tribulations as any friends or sister in law's do. But we had a friendship that was unconditional. Most of all I'm going to miss confiding to her & her wonderful sense of humor. What a beautiful & intelligent person she was. She will be greatly missed by me but I'll never forget any of memories.
