“ In many ways both Darrel and his sister Chris where like my elder siblings i never had. Now they are together again in the afterlife. I have so many memories i could share. I could go on for hours. I have to say Darrel is one of the smartest people i ever met. He could say the A.B.C.s backwards faster than i could say them the normal way. He knew stats about athletes better than i know my own job. He had the memory of an elephant. It really upsets me that someone who led such a drug free life, a non smoking and drinking life. He ends up with health issues. There are so many people out there abusing there bodies with hardcore drug and alcohol abuse that take there health for granted. Darrel never took anything for granted. Always had a good head on his shoulders. You will be missed brother. My heart goes out to the Owenbeys.. You guys are family to me and have been for many years. I love all of you guys.
