“ *I have know Dottie since I was a young girl. Her and my mom were friends and everyday when I would walk to the bus stop she was there parked in the same place everyday..And everyday she would sit and talk to me...a little girl who just wanted to talk and talk. We were also birthday twins (every year we would have a good laugh and talk when we would message each other on our birthday. I was 5 or 6 when we met. I've been friends with the family since. She will be missed dearly and the family will stay in my prayers.*

“ Dotty was one of my best friends since Jr High School. We went through a lot of happy times with our families together as well as sad times. Even though we didn't get together as often later in the years we always knew we were there for each other in heart and mind. I know Dotty was saved and gave her life to the lord and now she is healed and no longer suffering. I will miss you dearly my sweet friend. You will always be in my heart ❤️. Love you always.
