“ I met (GROCK) I'm guessing around 1989, I was just a young kid, he was always very good to me. He always took the time to explain to me how the real world worked, he taught me the right way to shoot pool, (last pocket- no slop) and helped countless times working on vehicles, he always had an opinion and usually wasn't too far from being right, and never hesitated to tell me I was messing up when I was.

*I will always have a special place for him in my heart*
