“ Irene and I were neighbours and childhood friends into adulthood. She enjoyed double Dutch and hock scotch as a child. She also enjoyed reading a book and talking to old friends. Irene always had a smile on her face no matter how she felt. She also had a positive word for anyone that was in her patch. She will truly be missed.

“ *It's hard to believe your not here anymore. You have always been there for me throughout my whole life. I remember you would talk to me on the phone all day long when I was little and home by myself. Even though I never said anything you knew how afraid I was being alone. You never let me down and always had my back. Even most recently you would always make sure I had food at my apartment, knowing I worked so much and really didn't have time to cook. You would always tell my mom to get some food for me when she went shopping for you. So many times when I was doing overtime me and u would chat back n forth and u wouldn't stop texting me till I was off work and safe at home. You have always been my angel. Thank u very ever kind act and loving gesture. Love u and will miss u. I'll talk to u later my love 🥺🥺*

“ *My greatest memory of my momma is she gave me Life. She loved me unconditionally and through all my faults. She has the most Beautiful smile. Her voice was sweet music to my ears. She is the strongest woman I know. If there is such a perfect mother she is definitely it. She was our Angel her on earth.*
