I knew John ever since I was a kid. He was an awesome person. Always happy and fun to be around. I loved you like a brother. You always treated me and my family so good. Never heard you cuss or really say anything negative. You were such an upbeat person. Would always help a person out if he could. John was just the best. I am in total shock you are gone John. I will never forget you. I know I will see you again some day in heaven. Look forward to seeing you again and getting that big warm hug from you. I love you brother.

“ *It has been way to long since I spoke to Jonny. The most vivid memory was when he was 16 or younger. and he stayed with us for a while. All he wanted to watch was war movies. I was 3 years younger then him. I learned so much about Green Berets though and the wars. Everytime I see a war movie I always think of him. Wish we could of caught back up with each other when we got older but our lives were in two different places. Love and miss ya cuz.*
