“ You were always there, through thick and thin. Might not have wanted to hear it at the time, but it always made sense later. You weren't perfect but who is. I wanted you to live forever my Peter Pan, but God had other plans, go rest high on that mountain , for your work here is done, you desire it!
I will never forget everything you did for our family , the trips you took us on across this great country! I will always love you!
