“Joyce and I became good friends after meeting each other at CBI. She and I happened to be let go from CBI on the same day when CBI closed the Plant. We continued our friendship after that and was there for each other whenever we were needed. Joyce was a great friend and everyone liked her. She'd do anything for you. She will be greatly missed by me. I'm so sorry she's gone but she's in a better place. May God Bless her. My condolences to her family.
