“ *Mary Lou was so special to me! She let me practically live with her when i was younger. Even though she had to work she made sure there was a crockpot full of something to eat for all of us kids! I could sit at the table with her and talk for hours! I wouldn't be who I am today without her! She will always hold a special place in my Heart!*

I have known MaryLou for several years through the hospital and also sitting with her and Dave at the Manteno Elevator dinners. When we would run into each other we would always say "we need to do lunch". So sorry that didn't happen. Hopefully when we both end up in Heaven we will have time for lunch.

RIP sweet friend. Ginger Viall 🥰

Mary Lou was a beautiful lady, inside and out. She went out of her way to be kind and friendly to everyone! I met her through Dave and discovered our kids knew each other in college. Our world is better because Mary Lou was in it. She will be greatly missed! ❤️

I often think of Mary Lou and our grade school days in Streator (about 6th grade). We had so much fun. She'd come to my house for a slumber party. I'd go to her house and we'd call boys in our class and ask them what girls they liked. We'd make other funny phone calls dialing random numbers and ask questions like "is your refrigerator running?" better catch it. We had silly but innocent fun back then. Mary Lou was so much fun and sweet. The best kind of friend anyone would want. Her mom was always amused by our antics and would be in the kitchen laughing when she thought we didn't see her. I lost track of her for years then found her on Facebook and enjoyed seeing her recent posts. My thoughts and prayers to her family for their great loss.
