“ *Paul liked to have a good time. Always cooking, being it grill master for our family on Holidays or cooking delicious meals he made up for his kids. I still use some of his recipes to this day. He was always up for a laugh.*

*Loved his kids, enormously. Best brother in law, who could fix anything.*

*Brother fell thru the ceiling missing a raft in the attic. As his legs came thru the ceiling he was screaming to go get Paul!! Paul had that ceiling repaired like new before my dad got home from work at 2am. Few of the good times. RIP Brother.*
