“ My Godmother was in my life from the beginning, best of friends with my Mom. She was there for me before and after we lost her. From laundry, to advice, many meals and even a place to live for a short time. We shared laughter and tears but most of love. She was from old school but not so uptight that she wouldn't say what was on her mind. To say I will miss her is an understatement. Rest in peace Godmother Love always Pam

“ My grandmother was always kind to me. Always hospitable and wanting to feed me. My fondest memories with her were sitting around her dining table looking at old photographs. She always knew who was who, and their story.
