“ *I will really miss him. I babysat for his three children for 5 years. It was a pleasure to be with them. We definitely had a great routine. My Dad has great memories from serving with him on the Fire Department. They really were a 'well oiled machine'. Especially with all of the training that they went through. My Mom was close as well as a Fire Fighter Wife.*

I will surely miss running into him as he was always smiling and always had a little something funny to say. Actually only what seems like a short time and yet he made you feel we had known each other for years. It will be a wonderful day when he wakes up in paradise. Until then he will be so missed
