“ Marcos,
My sincere condolences for your loss. And yet not a loss in God's kingdom, only a parting.
Into your hands, O merciful Savior, we commend your servant Susan. Acknowledge, we humbly beseech you, a sheep of your own fold, a lamb of your own flock, a sinner of your own redeeming. Receive her into the arms of your mercy, into the blessed rest of everlasting peace, and into the glorious company of the saints in light. Amen.
May her soul and the souls of all the departed, through the mercy of God, rest in peace. Amen.
Darrell

“ For anyone who knew Sue, they would know that laughing and joking was one of her best attributes, her quick wit, intelligence, her caring nature, always devoted to her Marcos and all her family. Sue was my very best friend in the world and had been for over fifty years. My late husband, Larry Cote, grew up and went to school with Marcos and he was our best man in our wedding in 68 and we lived next door to each other on Fraser when our children were babies. Even though we moved miles apart, we continued to talk to each other several times a week for always at least a couple of hours, and then texting when the mood would strike and many so very funny, they would make our days light up, our husbands and family always knew who we were talking to for so long. She and I shared ups and downs with life, death and health and we would always ended our phone conversation with the words said by each other, I Love You... as we did the Thursday before the big wedding last week. Little did I know it would be my last chance to hear her voice or to say those words, my heart is broken for Marcos, Kim, Kelly, Marc, Nan, and all their families who are going to miss a most wonderful woman, wife, mother, mother in law, grand and great grandmother and my best friend ever. But to think how lucky I was to have had the fortune to have Sue as my best friend and how seldom does a person get to say that but I will always cherish that, just thought we had more time, more long talks, more visits, and more great jokes, giggling and laughing... but I love you Sue, hasn't set in yet that you're really gone, still picking up the phone to start to text and will miss you forever.....Your old buddy, Alice Cote, sons, Andy, Scott, daughter, Janet, and grandchildren Justin, Grayson and Ava.
