“ I just found out my uncle passed away. Uncle Terry I love you I am so sorry that I get didn't get a chance to say goodbye. I know there is a disconnect with the family but you taught me a lot and I'll never forget what you taught me. I have passed it down to my stepson especially teaching him about history, mechanics, music, mechanics and all the other influences you put into my life when my father passed away when I was 11. I love you I really wish there wasn't all that bad blood that was in the family. And I'm still going to live everyday how you taught me and thank you for everything thank you for being a positive father figure in my life. If there's anybody that can give me more information about my uncle my name is Daniel Johnson my phone number is 512-566-8673
Uncle Terry there's so much I wish I could say to you, I love you and it feels like my father dying all over again. One day I'll see you on the other side.
I love you

“ Terry was a great guy with some interesting stories of his military and civilian life. He helped my dad by giving him a flashlight at the V. A. home in Manteno shortly after he arrived there. I miss seeing him by the jute box or the desk of his unit. Ken VanRyn

“ I had the absolute pleasure of getting to know Terry and Manteno veterans home. We would talk about music, the old neighborhood, and many other things. Made me a playlist of need to listen to music that I absolutely cherish!!! A truly great man that will be thought of and missed. I was absolutely blessed to have met and gotten to know. You will always be remembered.
