“ I have never met Thomas, but I have met some of his family. They are awesome people, so that has to be a reflection of the kind of man he was. I thank him for the friendship I can have with his daughter. RIP Thomas

“ Tom was always nice to me. When ever he seen me he would say “ hey COP” how’s it going? I’d say you know same shit. He would laugh and I would laugh back. Then he would tell me a little story. Such a nice guy he will be missed.
