“ I’m proud to call Willard my friend. We were coworkers at Shapiro. We shared an office briefly. We both had in common Hardin County because my folks were born and raised there. I’m so grateful we got to have a couple phone calls late last year. He will be sadly missed. Prayers for the family. 🙏🙏

“ I was so blessed to have Willard as my Uncle. He was talented, smart, and funny. He loved to laugh. Our conversations were interesting from religion, politics, love of family. He had great stories from his childhood. His artwork is so beautiful. We spent hours going through his books of artwork. Willard and my Mom were very close. They would talk often on the phone and laugh together. He was a great brother to her. When he and Cheryl would visit her, there was always root beer and vanilla ice cream. All of us nieces and nephews remember there was always ice cream. 🍦 Willard loved his family, friends, and his dogs.

Bill, he was so proud of you and John. I know you knew how much he loved you. I am so glad he was in our lives. Denny and I will miss him. 😭 Much love to you, Bill, and your family.

I met Willard many years ago when I did some work for he and Cheryl. I did several projects for them over the years and always enjoyed visiting with Willard about his life in southern Illinois, politics, art and many other subjects. Oh, and dogs. Willard loved his dogs! My own health issues have caused me to be out of the loop. I just found out that my old customer turned friend had passed away. I'll be forever grateful for his friendship.
